

Bike Borrower's Agreement

September 1, 2020 - December 31, 2020

I promise to take extra special care of this bike. I will always lock it securely (through the frame, and the back wheel if possible), and store it inside at night. I will honour it with long rides through Prospect Park and adventurous pedalling with friends. I promise to use it safely and always wear a helmet. If this bike is harmed or stolen I will pay to repair or replace it within reasonable means.* I will consider taking it in for a full tuneup if it's not too pricey.**
